

## Product information

### Original MINI accessories 18" Style 506 Cross Spoke (forged wheel) Complete summer wheel set MINI (F56)

#### Product description

The 18 inch summer complete wheel set in styling 506 (Cross Spoke) is MINI's first forged aluminum wheel an extraordinary look. The color Jet Black (gloss turned) attracts additional attention.

#### Details

- Lightweight: The **18" summer bike** is made of aluminum forged. This makes it approx. 1kg lighter than a conventional cast wheel. In addition, the spokes are back-turned to optimize weight.
- The Style 506 in the **new, slim cross spoke look** looks good on the MINI F56. The **delicate, back-turned spokes** are arranged in five groups ensure a sporty, light appearance.
- The wheel in the color **Jet Black** has a partially **polished surface**. This precise processing does that Extremely high quality bike.
- The entire wheel is covered with high-quality clear varnish, which gives it a **shiny finish**.
- The lower weight of the wheels and the resulting reduced unsprung mass **improve steering behavior and driving dynamics**.
- Safety is a top priority: the tires are in place about **emergency running properties/RSC**, so that they can also be used Pressure loss still travels a certain remaining distance can be.
- This 18" wheel/tire combination is suitable for indoor individualization of the vehicle, as this styling **is not considered Special equipment can be configured ex works**.

Style 506 Cross Spoke

#### Recommendation

The product package is particularly suitable for:

- **MINI wheel bolt lock**  
The wheel bolt has a specially milled coding, which can only be opened with the special adapter supplied can be.
- **MINI rim cleaner**  
The effect of this is tailored to the MINI wheels and offers optimal cleaning effect without attacking the paint.

#### scope of delivery
