

Original BMW storage package (SA 493) for BMW 3 Series (E46)

Product description The storage package includes various components that specifically improve the comfort of the vehicle occupants.

In detail:

- A multifunction armrest with drinks holder in the rear
- Luggage nets in the backrests on four-cylinder models (on six-cylinder models Series)
- A glasses or mobile phone storage compartment

Product

advantages No random accumulation of various storage compartments, but rather aids specifically tailored to the needs of the occupants. Additional storage space for the rear passengers.

The rear passengers can also easily refresh themselves (drink and rubbish bag holders).

Glasses and mobile phones are kept safe and are always within easy reach.

Note The rear multifunction armrest can only be retrofitted if the vehicle is already equipped with a rear armrest.

Availability
immediately

Installation

time approx. 15 minutes Glasses
shelf approx. 85 minutes Net pocket left and right
approx. 25 minutes Multifunction alarm armrest
