

## Product information

### Original BMW accessories M Performance Lenkrad

5er (F07, F10, F11) 6er  
(F06, F12, F13)

#### Product description

The M Performance steering wheel is completely covered with high-quality Alcantara and is flattened at the bottom. The diameter is 382 mm, the steering wheel cross-section is 40 x 32 mm. The steering wheel cover is finished with painted carbon fiber with a high-gloss finish and includes M Performance lettering in chrome. The steering wheel also has a red leather motorsport center marking at 12 o'clock and a silver-grey cross-stitched seam.

#### Details

- Alcantara over the entire area offers optimum grip on the steering wheel in extreme driving situations.
- Attractive, sporty design with hand-sewn, silver-grey cross-stitch seam and painted carbon trim to match other performance products (interior trim/gear knob/bellows).
- Pleasant feel in both heat and cold.
- Individualization of the vehicle.
- High-quality M Performance branding on carbon cover in Chrome.

#### Material

- steering wheel in high-quality black Alcantara and center marker in red leather.
- Cover made of carbon painted with several layers of polyester resin.

#### scope of delivery

- Performance steering wheel rim
- 1 Carbonblende
- 1 horn plate
- 4 screws for horn plate

M Performance steering wheel

# M Performance Lenkrad

## 5er (F07, F10, F11) 6er (F06, F12, F13)

### Technical information - Generally

installable for all vehicles except vehicles from 11/2013 with SA 5AR (traffic jam assistant). The parts below can be taken from the existing steering wheel or must be reordered and exchanged for the vehicle-specific special equipment (SA). Please note the corresponding "Sports steering wheel" illustration and the associated add-on parts.

– When replacing the airbag unit, decoding is not necessary. When installing with SA 248 (steering wheel heating), the heating function is omitted, coding is not necessary.

The switch for the steering wheel heating has no function.

- Can also be installed in F01, F02, F03, F04 and F18 vehicles!

#### Vehicles up to 07/2013: –

Sports steering wheel (SA 255) or M leather steering wheel (SA 710): all parts can be taken over.

- Basic steering wheel: airbag unit, multifunction buttons, and possibly Vibration generators **must be reordered and replaced**.

#### Vehicles from 07/2013: -

Sports steering wheel (SA 255): Transfer of all parts possible.

- Basic steering wheel: airbag unit, multifunction buttons, and possibly Vibration generators **must be reordered and replaced**.

– M leather steering wheel (SA 710): **We recommend installing the M Performance steering wheel II, as all parts can be retained. See product information SZ\_075\_07\_13.**

#### Note: The

M Performance steering wheel does not require an addendum to the vehicle documents or an operating license to be carried along. The approval for the relevant vehicles is regulated by BMW within the EC overall approval.
